ABOUT

Enthusiastic and motivated software development fresher with a proficiency in Java and Basic Knowledge in Frontend development. Eager to collaborate with experienced developers to deliver efficient and scalable software solutions. Committed to continuous learning and contributing effectively to team projects. Seeking an opportunity to leverage my technical skills and passion for software development in a growth-oriented environment.

EDUCATION

DIT UNIVERSITY, Dehradun   **2021 - 2025**
B.Tech in Computer Science & Engineering   8.55 CGPA

CHRIST CHURCH COLLEGE, Lucknow   **2019 - 2021**
Higher secondary education   86.8 %

PROJECTS

MUSIC STORE:
- The objective of the Music Store application is to demonstrate how to create a basic UI using React and fetch data from the iTunes API with axios to display music. It highlights integrating external APIs and dynamically rendering content in a React application.
- **GitHub link:** https://github.com/Nainvi-singh/Music_Store

TINY TALES:
- The objective of this project is to demonstrate how to implement Add to Cart functionality and dynamically update cart contents using React. It showcases managing state, displaying products, and calculating the total price in a shopping app for children's short story books.
